

GLOBAL BANKING Import Letters of Credit

If you are an importer requiring Letter of Credit (L/C) services, we can help streamline your overseas transactions and reduce both your risks and costs.

An import L/C issued by Bank of South Pacific Limited ensures that you won't have to pay for the goods you import until they are shipped and that all documents are verified and in order. Also, by offering your supplier protection against cancellation, an L/C may help you get a lower price.

Backed with the guarantee and financial resources of BSP, our import L/C service can help you broaden your supplier base and gain more control over the payment process.

How you benefit

- Guaranteed service and timeliness. If we receive your import L/C application by mid-day and all information is in order, we'll have your L/C issued the same business day
- With Bank of South Pacific Limited's trade business portal, TradeXchange you can streamline and control the application and issuance process
- TradeXchange allows you to request L/Cs in real time directly from your PC or laptop and provides comprehensive L/C status reports.
- Professional trade finance expertise. If you have a transaction that requires additional credit or a different financing method, contact our trade finance specialists. They can help you select and structure your international transactions to minimise risks and costs.
- Worldwide acceptance. BSP has an excellent global reputation, which ensures that our import L/Cs are accepted widely.

Reliable customer service

- World-class trade expertise. You can depend on BSP's experience and expert guidance for each step of the collection transaction.
- We work with you to complete the transaction in the fastest and most convenient way.
- Our dedicated Trade staff are always ready to help, Monday through Friday. If you have questions or for more information contact your relationship manager or call (677) 21874.
